## COMING TO HAM RADIO

### Campout and Outing at Ft Stevens in September

STARS will be having an overnight camping activity this September at Ft Stevens. Those of you that wish to camp, we will be at Ft Stevens on September 11th and 12th. We will also be having a day time activity on Saturday as part of our Club Meeting for September. For those not wanting to spend the night please plan on coming there to participate. We will have HF Radio's so we can play with Voice, Digital, and CW modes. If you are interested in this activity, please contact STARS President Jeff AB7DN and let him know if you want to spend the night or just show up for the Saturday Activity. If you wish to camp we will let you know the area so we can all camp together. Lets make this a yearly tradition.

### Get ready to help with the Hood to Coast

Hello everyone, It's that time of year

when we are asked to help out with the Hood to Coast relay race, that happens every year between Mount Hood and Seaside. That's right, the finish line is right here in Seaside. We will need Hams to help out starting at 8 AM and on into the evening. The last runner usually finishes around 8 PM. We will need two person teams to help out in a few locations along the course in Clatsop County. Find someone you want to team up with and let me know who that is. We need people that can help out for the whole day. But if you can't commit to the whole day, then let me know how much time you can spend with this event. If you don't have someone to buddy up with, that's OK, I will find someone for you. Again, let me know as soon as you can so we can finalize our plans for this event. You will need an orange flaggers vest for this event, so pick one up soon. Try United Rentals in Seaside. Tell them you are a STARS member for a 10% discount on your Safety Vest. Call me at 503-440-0955 or send me an E-mail and to let me know if you can help and who you are going to buddy up with if you know.

"73" Jeff Holwege

## Technician & General Classes where held in July

In July we held 2 Ham Radio classes. On July 17th, 18th and 19th we held the General Upgrade Class. We also held a Technician Class on July 31st and August 1st.

Please let's congratulate the following Hams that have recently upgraded to General. Vianne Patterson KE7ZFM, Daniel Jesse KF7CHT, Roy Hackett K7POV, Darren Gooch KE7ZFF, and Vincent Ditmore KL2MJ. Also lets give Robin Knoll WA7RCK a pat on the back for upgrading to Extra.

Now lets welcome to the hobby of Ham Radio the following newest hams. Eric Barton KF7EAU, Janet Daugherty KF7EAV, Jennifer Gooch KF7EAW, Gary Graham KF7EAX, James Hutchinson KF7EAY, Stew Martin KF7EAZ, Sandra Shaughnessy KF7EBA, Abraham Smalley KF7EBB.
